

Large Breed Puppy

Your large breed pup is growing and developing. Nurture him/her with the correct diet today, for lasting health tomorrow.

Nutrition during the puppy life stage is the most important element in determining growth and development for the lifelong health of your pet. **OLYMPIC® PROFESSIONAL LARGE BREED PUPPY** is specially formulated to maximise and pace your pup's growth potential, while maintaining bone and cartilage health.

2 kg 8 kg 20 kg

Product Features

- ✓ Optimal growth and development with special attention to additional nutritional requirements of large breed puppies.
- ✓ Higher protein, fat and energy levels to cater for optimal growth and development.
- ✓ Ideal calcium and phosphorus ratios to pace and maximise growth potential, while maintaining bone and cartilage health.
- ✓ OLYMPIC® PROFESSIONAL LARGE BREED PUPPY is a sensitivity-controlled formula as it has no artificial flavours, colours or preservatives and contains no soya, pork, beef or fish meal. Poultry (made up of chicken, turkey and duck only) is its only source of animal protein.
- ✓ All-natural ingredients with added Vitamins and Minerals, making it 100% balanced and nutritionally complete.
- ✓ DHA is a natural source of long-chain omega-3 fatty acids.
- ✓ Inulin is a prebiotic and reduces offensive faecal odour, while assisting to modulate intestinal irregularities.
- ✓ Beet pulp is a prebiotic and is a source of both fermentable and non-fermentable fibre.
- ✓ Zeolite increases digestive safety, absorbs toxic agents in the gastrointestinal tract, reduces flatulence, as well as improving the odour and consistency of stools.

NUTRITIONAL PROFILE

Protein	28%
Moisture	10%
Fat	13%
Fibre	3%
Ash	7%
Calcium	1.4%
Phosphorus	0.8%
Ca:P ratio	1.6:1
